WORK PLACEMENT

ACM30122 Certificate III in Animal Care Services (Animal Care)

There is no fixed minimum number of placement hours. However, students must have access to an appropriate animal care workplace to complete required practical assessment tasks, in line with training package requirements

- No fixed placement hours
- No requirement for a formally arranged placement
- Practical tasks may be completed in settings such as a kennel, cattery, animal shelter, pet care facility, or a similar approved environment (e.g., your workplace, a volunteer role, or another approved setting)

Our team will guide you in selecting a suitable option and confirm the evidence required for assessment

HOW YOU ARE ASSESSED

LEARN HOW AND WHY – NOT JUST WHAT

Assessment in the ACM30122 Certificate III in Animal Care Services is designed to confirm that you can apply your skills and knowledge safely and effectively in real animal care workplaces

Your assessments reflect industry practice and meet training package and ASQA requirements, while remaining flexible and supportive for distance learners

- Written knowledge questions
- Short-answer questions and scenarios
- Case studies based on real animal care situations
- Completion of practical tasks in an appropriate animal care workplace
- Workplace observation reports
- Photo or video evidence where required
- Trainer feedback and resubmission support

Support throughout assessment

- Clear assessment instructions and guidance provided for every task
- Access to trainer and assessor support via phone, email, or online
- Constructive feedback provided to help you progress and build confidence

A CAREER FULL OF VARIETY

No Two Days Are the Same

Animal care is anything but routine.

This isn't a desk job — it's hands-on, active, and full of variety

The Certificate III in Animal Care Services prepares you for real animal care environments, building the skills needed to support animal health, welfare, and wellbeing across a range of settings

Great for people who:

- are new to the animal care industry and want a strong starting point
- love working with animals in a hands-on role
- enjoy being part of a team and following safe routines
- want flexible study that fits around work and life

You will build skills in:

- Safe animal handling and everyday care
- Animal health, welfare, and enrichment
- Hygiene, cleaning, and infection control
- Feeding, housing, and behaviour awareness
- Communication and teamwork in animal care workplaces

Practical. Purpose-driven.

Built for people who love working with animals

CAREER PATHWAYS

This qualification provides pathways into roles such as:

- Veterinary assistant
- Animal shelter or rescue worker
- Grooming assistant
- Pet care or pet retail assistant
- Kennel or cattery attendant

It also offers a strong foundation for progression into higher qualifications, including Certificate IV in Veterinary Nursing or Diploma-level animal care studies
